

Madison Strategic Sector Premium Fund

At a Glance

The Madison Strategic Sector Premium Fund (MSP) is an actively managed equity portfolio of common stocks with a covered call option strategy. A covered call strategy tends to reduce the risk compared to just owning the stock, and provide stable, reduced-volatility participation in the equity market while providing a steady income return from option premiums. MSP seeks a high level of current income and gains by focusing on strategic stock market sectors that, in our opinion, provide the best opportunities for our "Growth-at-a-Reasonable-Price" style of investing. The Fund writes primarily out-of-the-money, longer term call options on the majority of individual stocks in the portfolio.
