6. BENEFICIARY

Use the space below to indicate the designated beneficiary for the Account. It may be advisable to designate a "family member" of the Student (see the Coverdell Education Savings Account Disclosure Statement you received when you established the Education Savings Account for a description of qualifying family members) who is the same age or younger than the Student. If the designated beneficiary is a family member of the Student and is under age 30 at the time of the Student's death, the Account may remain an Education Savings Account for the benefit of the designated beneficiary (who is, thereafter, treated as the Student for purposes of administering the Account). Otherwise, the Account may not continue to be administered as a tax-sheltered Education Savings Account.

The Student may change the beneficiary(ies) designated below at any time by filing a new Education Savings Account Maintenance Form with the Custodian. Any such subsequent Designation of Beneficiary will revoke all prior Designations. If the person designated as primary beneficiary does not survive the Student, the Account will pass to the alternate beneficiary (if any) named below if he or she survives the Student. If no designated beneficiary survives the Student, the Account will pass to the Student's estate (unless otherwise required under the laws of the state of the Student's residence). If you wish to designate multiple primary or alternate beneficiaries, you may do so by attaching a separate sheet listing the required information about each designated beneficiary; distributions to them will be in equal shares unless you specify different proportions.
