Performance data shown represents past performance. Investment returns and principal value will fluctuate, so fund shares, when redeemed, may be worth more or less than the original cost. Past performance does not guarantee future results and current performance may be lower or higher than the performance data shown.

Average annual total returns assume all distributions are reinvested and reflect applicable fees and expenses. **Returns without sales charges** would be lower if sales charge were included. **Returns with sales charges**, reflect the deduction of the maximum applicable sales charge. **Maximum sales charge for Class A shares** is 5.75% for the Allocation funds, Diversified Income, Covered Call & Equity Income, Dividend Income, Investors, Mid Cap, Small Cap and International Stock Funds and 4.5% for the Core Bond Fund. Class A sales charges are lower for larger accounts. **Class B shares** have no up-front sales charge. If redeemed within six years, however, B shares are subject to a maximum contingent deferred sales charge ("CDSC") of 4.5%. Class B shares may not be purchased or acquired, except for exchange from Class B shares of another Madison fund, please see the most recent prospectus for details. **Class C shares** do not have an up-front sales charge, however, C shares are subject to a 1% CDSC on shares redeemed within 12 months of purchase. **Class Y shares, Class I shares and Class R6 shares** do not impose an up-front sales charge or a CDSC.

The performance data presented above for all periods prior to April 19, 2013 for the Tax-Free Virginia Fund, Tax-Free National Fund, High Quality Bond Fund (formerly Institutional Bond Fund), Investors Fund and Dividend Income Fund represents the performance of the former Madison Mosaic Funds prior to reorganization into a new series of the Madison Funds. Prior to March 1, 2012, the Dividend Income Fund was known as the Balanced Fund and pursued different strategies for achieving its investment objectives.

The performance data presented above for all periods prior to March 1, 2021 for the Madison International Stock Fund represents the performance of the previous subadviser.

The performance data presented above for the Mid Cap Fund represents the performance of the Madison Mosaic Mid-Cap Fund which was the accounting survivor of its reorganization into an existing series of Madison Funds with the same name.

The performance shown for the Small Cap Fund for periods prior to August 31, 2019, for the Class Y shares are based on the performance of the Broadview Opportunity Fund (the "Predecessor Fund") which was the accounting survivor and reorganized into the Class Y shares of the Fund after market close on August 30, 2019 (the "Reorganization"). Periods prior to November 29, 2013 represents the performance of the FMI Focus Fund (the "FMI Fund") which merged with and into the Predecessor Fund on November 29, 2013. Prior to November 29, 2013, the Adviser of the Predecessor Fund served as sub-adviser to the FMI Fund. The FMI Fund had the same investment objective and substantially similar investment strategies as the Predecessor Fund. Performance for Class A shares of the Fund is deemed to be new effective August 31, 2019 as a result of the Reorganization.

Madison lists the performance of the Predecessor Fund and account survivor of the Reorganization for the following reasons:

- ~ Continuity of Fund portfolio managers through the Reorganization
- ~ Substantially the same investment objective and investment strategies between the Fund and the Predecessor Fund;
- ~ Substantially similar investment policies between the Fund and the Predecessor Fund;
- ~ A similar expense ratio (excluding acquired fund fees and expenses), as Madison has agreed that the fees and expenses attributable to Class Y shares of the Madison Small Cap Fund will be capped, pursuant to an expense limitation agreement, to the extent necessary so that expenses (exclusive of all federal, state, and local taxes, interest, brokerage commissions, acquired fund fees and expenses and other costs incurred in connection with the purchase and sale of securities, and extraordinary items) do not exceed the total annual fees and expenses of shares of the Predecessor Fund, as reflected herein, for a period of two years from the date of closing the Reorganization.

¹ ***Expense ratios are based on the fund's most recent prospectus.** For the **High Quality Bond Fund**, the Fund's past performance (before and after taxes) is not necessarily an indication of its future performance. Madison Asset Management, LLC ("Madison"), waived 0.10% of its annual management fee from August 7, 2020 to February 27, 2022. **Investment returns reflect this fee waiver, without which returns would have been lower.** The Allocation Funds include the weighted average expenses of the underlying funds which they invest in. **Please see each fund's most recent prospectus for details.**

For the **Dividend Income Fund**, from June 29, 2012 through May 31, 2020, the investment adviser waived 0.10% of its management fee and 0.05% of its services fee annually for Class Y shares. For the **Investors Fund**, from February 6, 2009 through February 28, 2016 the investment adviser waived between 0.11% to 0.15% of its management and/or services fees annually for Class Y shares, 0.15% for Class A shares from September 23, 2013 to February 28, 2016; and 0.10% for Class R6 from September 23, 2013 until May 1, 2014. For the **Small Cap Fund** the investment adviser waived 0.04% of its services fee annually from August 31, 2019 until February 27, 2021. **Investment returns reflect these fee waivers, without which returns would have been lower.**
